

ADELAIDE DRUMMERS FORUM

On Tuesday April 29, our Senior Drum Corps were invited to play at John Reynolds City to assist in a workshop for the Adelaide Drummers Forum. Rob Boundy delivered an excellent workshop to professional drummers, drum teachers and students about how to set up, run and repertoire to use for a Drum Line or Drum Corps in a school setting. The audience were captivated and appreciative of the workshop ideas and the standard of playing demonstrated by the students.

A busy drumming year so far!, another part of this is having had the privilege of organizing, rehearsing, composing and playing drums for the Adelaide Crows Football Club's 19th man at selected home games on the beautiful Adelaide Oval. An amazing experience playing drums on that hallowed turf, to perform for huge crowds, and combine talents with MJB Dancers, choreographed by my wonderful wife Michelle. It has been a life long dream to combine sport, dance and music. To support and be an active part of our local community on so many levels is a very fulfilling, and oftentimes humbling experience. For this I am very grateful to all that have been involved. Follow this link to see some of our work at the Round 9 game.
